Dear Sir

Please find attached the Cricket New Forest Nomination forms for pupils and players with the potential for district development. This process is for both Girls & Boys who show an **above average ability** to play cricket or in the case of under 9's, throwing and striking a ball.

In the past we have missed some potentially good players in the school system. We have also been aware that some clubs have not participated in the district development system to their full potential. We would like to rectify this situation and ask that this information reaches the players, coaches and staff who have the ability to influence the development of cricket.

We run programs for age groups under 9's, 10's, 11's, 12's 13's 14's 15's. Development progression is illustrated below.

The district and its Clubs are keen to forge better links with schools and are keen to become involved in a reciprocal relationship regarding cricket development in education. Hampshire Cricket board is keen to assist in this program. Please contact me to pursue this matter further.

A downloadable version of these forms is available at www.cricketnewforest.co.uk other wise please copy the forms as needed.

Thank you for your assistants in this matter.

Yours Sincerely

J. Newell
Development Manager
Cricket New Forest.
